

data of all practice flights and air show demonstrations as called for in the foregoing paragraphs.

(g) The Lessee shall also advise the cognizant System Program Director of its proposed participation in static displays or flights demonstrations at the air show, and shall ensure that appropriate Lessee personnel are available, at the time and place designated by the System Program Director, to receive a cautionary prebriefing on the military security requirements and other sensitive areas related to the leased aircraft and equipment.

(h) It is mutually understood and agreed that the sole purpose of this clause is to give the USG full knowledge of the intended use of the leased property and an opportunity to observe the Lessee's compliance with its proposed plan. Lessee acknowledges and agrees that the USG makes no warranty that the approve plan is safe and that the USG assumes no risk of loss or liability to third parties that may arise despite the Lessee's adherence to the approve plan. This clause creates no exceptions to the Lessee's obligations to assume risk of loss and third party liability, including obtaining insurance, as set out fully in the clauses elsewhere in this lease.

Subpart C—Lease Requests and Evaluation

§ 863.17 Request initiation.

The prospective lessee initiates the lease request and submits it to the appropriate SPO or ALC responsible for the items described under the lease. The lease request must contain, as a minimum, the following information:

- (a) Identification of the property to be leased (including tail numbers or part numbers, if known).
- (b) Purpose of the lease.
- (c) Proposed start date and duration.
- (d) Proposed location(s) of the lease activity.
- (e) Expected benefits to the lessee.
- (f) Expected benefits to the USG.
- (g) Statement as to nonavailability of suitable commercial items.
- (h) Other pertinent facts (flights for dignitaries, for example).

§ 863.18 SPO or ALC.

When the SPO or ALC receives a request to lease USAF assets, they evaluate the request for the benefits to the USG and the lessee and the availability of the property during the proposed lease period. Also, they address the ap-

propriateness of the intended use of the property and any limitations on reservations which should be imposed on such use. If the property requested for lease is assigned to an operational command, the SPO or ALC coordinates with that command then sends the request through contracting channels to command headquarters.

§ 863.19 HQ AFSC or HQ AFLC.

Command headquarters review each lease request and prepare a draft Secretarial D&F. The command then forwards the lease package consisting of the lease request, the D&F, and other supporting data with an endorsement to SAF/AQC for approval. The command forwards lease packages requesting participation in an international air show to HQ USAF/XOO (with an information copy to SAF/AQC).

Subpart D—Coordination and Approval Process

§ 863.20 Air Staff coordination.

Coordination requirements depend on the intended use of the leased items and whether the items are developmental or operational. SAF/AQC coordinates with HQ USAF/XOO, PRI, and LEY, as necessary. SAF/AQC coordinates with HQ USAF/PRP on the use of aerospace vehicles counted in the USAF inventory. If the proposed lease is for participation in an international air show, follow part 862 of this chapter.

NOTE: HQ USAF/XOO approves the lessee's international air show plans, including flight profiles. HQ USAF/PRI coordinates on requests involving demonstrations of leased property to representatives of foreign governments.

§ 863.21 Secretariat approval process.

Secretariat coordination and approval involves offices of diverse responsibilities. SAF/PA coordinates on air show lease requests. SAF/ACCS reviews all requests and provides rental charge guidance to the contracting officer. The DSAA approves all requests involving potential sales to foreign governments and organizations. In all cases SAF/GC reviews lease requests and D&Fs. SAF/AQ gives final approval on all lease requests.
